

# Reading Task 1: Recycling

## Materials and Setup

### Item 1

**Recycling**

Plastic bottles are an example of something we recycle. When you are done using a plastic bottle, you should put it into a recycle bin. Plastic bottles that are put into a recycle bin are taken to a recycling plant. At the recycling plant, the plastic bottle will be made into new products that people can purchase, such as clothing and rugs.

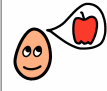

Paper is another example of something we recycle. Newspapers, magazines, and envelopes are all paper products that we can recycle. Once different paper products are taken to a recycling plant, they are combined in a machine and made into new paper products that people buy.

Recycling is an easy way to demonstrate good citizenship. When we recycle, we create less garbage and help the environment.
