

DCAS – Alt1 Optional Student Score Worksheet

Student Name	Grade and Content Area
---------------------	-------------------------------

Important: Use this worksheet to record the student’s scores as you administer the test: Enter 4, 3, 2, 1, 0, N, or A. Scores recorded here must be entered into the DCAS – Alt1 Test Delivery System. **This optional student score worksheet will not be scored by AIR.**

Note: To determine the appropriate starting point, either use a student placement questionnaire or the scale score lookup table.

Reminder: If a student earns **6 points** on a task, you **MUST** continue test administration, even if the student has already met minimum task requirements. Failure to continue administration is an assessment violation.
